8. Conclusion from Meeting / Seminar/ Conference/ Study Visit

The seminar is about the workshop of Active Learning for teaching in the class which was held by Asst. Prof. Wichai Sawekngam, Ph.D. He had explained that the teaching should tailor each class to suit the students' behavior. Teacher should assist the students how to learn by doing and thinking about what they are doing.

Active Learning means that students must do more than just sit and listen they must read, write, discuss and be engaged in solving problems.

The important feature of active learning is to motivate students especially for adult learners and they should be able to receive feedback from the lecturers and has a chance to analyse and evaluate the topic.

Moreover, he explained the problems that may occur during using active learning in the class room such as spend lots of time, students not involve in the group task. The lecturer also explained how to design instructional of teaching by using “WHERE TO” method  
 W: Help students to know where is the scope of the subjects and why do they have to learn that subject.

H: How to Hook the students to pay attention all the times.

E: How to make the students ENGAGE in classroom

R: How the students can REFLECT, REVISE and REFINE the work
