- (1) Have up-to-date knowledge in the management and operation of businesses in the tourism industry both theories and practices widely, systematically and internationally;
- (2) Have integrated knowledge in other related disciplines; and
- (3) Have knowledge and understanding in research process and techniques which will be benefit in solving problems and adding up to the knowledge in the career.

1.3 Cognitive Skills

- (1) Be able to analyze the causes of problems and conflicts as well as be able to solve problems systematically and find out proper solutions to the problems;
- (2) Be able to apply both theoretical and practical knowledge into real-life training and work experience appropriately in accordance with situations; and
- (3) Be able to apply innovation and knowledge from other related academic fields in developing working skills.

1.4 Interpersonal Skills and Responsibility

- (1) Have responsibility for individual and group assignments as well as be able to help and facilitate others in solving problems; and
- (2) Be responsible for the improvement of self-academic learning and the profession continuously.

1.5 Numerical Analysis, Communication and Information Technology Skills

- (1) Be competent in using both Thai and foreign languages in listening, speaking, reading, writing and summarizing the main points effectively;
- (2) Be able to communicate with foreigners effectively in the appropriate contexts;

- (3) Be able to use technology to communicate and present effectively; and
- (4) Be able to apply statistical or mathematical knowledge in analyzing and interpreting the data.

2. Objectives for Developing/ Revising Course (content/ learning process/ assessment and etc.)

According to TQF (Thailand Quality Framework: HEd.) with the standards of professional knowledge and experience for Major Requirement Courses, undergraduate student program in Tourism Management Program should have essence of knowledge in conducting research in tourism, as well as having an ability to apply the lessons with case studies and in actual work. The purpose of improving this course is to meet with the requirement of ASEAN Common Competency Standards for tourism professionals in which there are some minor adjustments for example course description and curriculum mapping. More details were added to the course description of this course in order to cover the principles of tourism research.

Section 3 Characteristics and Operation

1. Course Outline

(English)

Research paradigms, research problem, objectives, and questions, theoretical and research conceptual framework, literature review, population and sampling, sampling techniques, types of data, data collection, data analysis, ethical consideration, criteria in ensuring the quality of the research. Research on a topic related to tourism business and a seminar for presentation research paper required.

2. Time Length per Semester (Lecture – hours / Practice – hours / Self Study – hours)

Lecture (hours)	Practice/ Field Work/ Internship (hours)	Self- Study (hours)	Remedial Class (hours)
30	30	75	Upon Request

3. Time Length per Week for Individual Academic Consulting and Guidance

3 hours / week

3.1 Self consulting at the lecturer's office: Room Number: 405

Building: College of Hospitality Industry Management (Nakhonpathom Campus /SSRU)

3.2 Consulting via office telephone/mobile phone: 061- 7526668

3.3 Consulting via E-Mail: siripen.yi@ssru.ac.th

3.4 Consulting via social media (Facebook/Twitter/Line):

Facebook: Siripen Yi

3.5 Consulting via Computer Network (Internet/Web board): -

lecturer's website: http://www.elic.ssru.ac.th/siripen_yi/

Section 4 Developing Student's Learning Outcomes

1. Morals and Ethics

1.1 Morality and ethics to be developed

- (1) Be aware of values and morality, ethics, generosity, integrity and honesty as well as be able to solve critical problems and disputes;
- (2) Have positive attitudes towards service careers;
- (3) Be able to lead and follow group members, work in team and be a role model for others; and
- (4) Have self-discipline, be punctual, responsibility to self, profession and society.

1.2 Teaching strategies

- (1) Provide examples on ethical and moral behavior in classroom such as the issue of plagiarism in doing assignments;
- (2) Provide case studies that explain ethics in careers in the tourism industry; and
- (3) Be strict with classroom attendance and participation, classroom rules, students' uniform that have to be complied with the university rules and regulations.

1.3 Evaluation strategies

- (1) Class attendance, class participation, and behavior in class;
- (2) On-time submission of report and assignments and their quality; and
- (3) Students' contribution on group assignments.

2. Knowledge

2.1 Knowledge to be developed

- O (1) Have up-to-date knowledge in the management and operation of businesses in the tourism industry both theories and practices widely, systematically and internationally;
- O (2) Have integrated knowledge in other related disciplines; and
- (3) Have knowledge and understanding in research process and techniques which will be benefit in solving problems and adding up to the knowledge in the career.

2.2 Teaching strategies

- (1) Use problem-based learning;
- (2) Use cooperative learning strategies; and
- (3) Invite guest speakers who are experts in the field of tourism management to give special lectures.

2.3 Evaluation strategies

- (1) Quizzes;
- (2) Midterm and final examination; and
- (3) Assignments

3. Cognitive skills

3.1 Cognitive skills to be developed

- O (1) Be able to analyze the causes of problems and conflicts as well as be able to solve problems systematically and find out proper solutions to the problems;
- (2) Be able to apply both theoretical and practical knowledge into real-life training and work experience appropriately in accordance with situations; and
- O (3) Be able to apply innovation and knowledge from other related academic fields in developing working skills.

3.2 Teaching strategies

- (1) Use problem-based learning;
- (2) Use cooperative learning strategies;
- (3) Use case studies; and

- (4) Invite guest speakers who are experts in the field of tourism management to give special lectures.

3.3 Evaluation strategies

- (1) Quizzes;
- (2) Midterm and final examination; and
- (3) Assignments

4. Interpersonal skills and responsibility

4.1 Interpersonal skills and responsibility to be developed

- (1) Have responsibility for individual and group assignments as well as be able to help and facilitate others in solving problems; and
- (2) Be responsible for the improvement of self-academic learning and the profession continuously.

4.2 Teaching strategies

- (1) Group assignments;
- (2) Use cooperative learning strategies; and
- (3) Field trips

4.3 Evaluation strategies

- (1) Students' contribution and behavior in group assignments; and
- (2) Class presentation

5. Numerical analysis, communication and information technology skills

5.1 Numerical analysis, communication and information technology skills to be developed

- (1) Be competent in using both Thai and foreign languages in listening, speaking, reading, writing and summarizing the main points effectively;
- (2) Be able to communicate with foreigners effectively in the appropriate contexts;
- (3) Be able to use technology to communicate and present effectively; and
- (4) Be able to apply statistical or mathematical knowledge in analyzing and interpreting the data.

5.2 Teaching strategies

- (1) Provide assignments that require students to use numerical analysis skills and knowledge;
- (2) Provide assignments that require students to use information technology skills and knowledge;

- (3) Use e-learning;
- (4) Use group discussions; and
- (5) Use oral presentation for practicing communication skill.

5.3 Evaluation strategies

- (1) Assignments;
- (2) Project report and presentation;
- (3) Observation technique for students' uses of English and/or other language (s) during students' discussions among each other and with lecturers as well as during presentations in front of the class; and
- (4) Midterm and final examinations

6. Other Domain

None

Remark: Symbol ● means 'major responsibility'

Symbol ○ means 'minor responsibility'

No symbol means 'no responsibility'

The above symbols were shown in 'Curriculum Mapping' of TQF 2. (Program Specification)

Section 5 Lesson Plan and Assessment

1. Lesson Plan

Week	Topic/ Outline	Periods	Learning Activities and Medias	Lecturer(s)
1	<p>Unit 1: Some Basics about Research</p> <ul style="list-style-type: none"> • What is research? And the research paradigms • Principal components of research • Linking the components together • Understanding a research paper 	3	<ul style="list-style-type: none"> • Direct instruction • Pre-test • <i>Individual assignment: each student finds a research paper, read for comprehension, and prepare a power point presentation that talks about that paper (next class)</i> • Online learning via Google Meet 	Dr. Siripen Yiamjanya
2	<p>Individual student's presentation on the selected research paper</p>	3	<ul style="list-style-type: none"> • Students' presentation • Online learning via Google Meet 	Dr. Siripen Yiamjanya
3	<p>Unit 2: Selecting a Topic</p> <ul style="list-style-type: none"> • Interests, motivations and expectations • Interests and skills with access to information • Structured and systematic approach to selecting a topic 	3	<ul style="list-style-type: none"> • Direct instruction • Problem- based learning • Group brainstorming for interesting research topics in tourism and hotel • Individual student brainstorms for their own research topic for a proposal. • Online learning via Google Meet • <i>Individual assignment: each student conducts a review of previous research studies (we call this step: literature review) under the topic that you are interested in for your own research. Then, prepare a power point to present their literature review.</i> 	Dr. Siripen Yiamjanya

Week	Topic/ Outline	Periods	Learning Activities and Medias	Lecturer(s)
4	Self- study on individual student’s topic and some reviews of previous research studies (literature review)- this activity helps students get more idea on what other researchers have done on research topics similar to students’ topics. Then, students will need to prepare a power point presentation to show what they have reviewed.	3	<ul style="list-style-type: none"> • On demand learning 	Dr. Siripen Yiamjanya

Section 7 Course Evaluation and Revising

1. Strategies for Course Evaluation by Students

Using survey questions to collect information from the students' opinions to improve the course and enhance the curriculum. Examples of question:

- (1) Content objectives were made clear to the students.
- (2) The content was organized around the objectives.
- (3) The content was sufficiently integrated.
- (4) The content was sufficiently integrated with the rest of the first- year curriculum.
- (5) The instructional materials were used effectively.
- (6) The learning methods appropriately assess the students' understanding of the content.
- (7) Overall, students are satisfied with the quality of this course.

2. Strategies for Course Evaluation by Lecturer

2.1 Lecturers team observes the class and discuss the results as follow:

- (1) The lecturer is well prepared for class sessions.
- (2) The lecturer answers questions carefully and completely.
- (3) The lecturer uses examples to make the materials easy to understand.
- (4) The lecturer stimulates interest in the course.
- (5) The lecturer made the course material interesting.
- (6) The lecturer is knowledgeable about the topics presented in this course.
- (7) The lecturer treats students respectfully.
- (8) The lecturer is fair dealing with students.
- (9) The lecturer makes students feel comfortable about asking questions.
- (10) Course assignments are interesting and stimulating.
- (11) The lecturer uses technology to enhance learning in the classroom.

2.2 The director/ head of program construct assessment items to evaluate four dimensions of lecturer's competencies: teaching skills, organization and presentation of materials, management of the learning environment, and teaching attitudes

3. Teaching Revision

Lecturer revises teaching/ learning process based on the results from the students' survey questions, the lecturer team's observation, and classroom research.

4. Feedback for Achievement Standards

CHM Administrator Committee monitors the assessment process and grading.

5. Methodology and Planning for Course Review and Improvement

- (1) Revise and develop course structure and process every three years.
- (2) Assign different lecturers teach this course to enhance students' performance.
