Section 7 Course Evaluation and Revising

1. Strategies for Course Evaluation by Students
   1.1 Using survey questions to collect information from the students’ opinions to improve the course and enhance the curriculum. The topics include:
      (1) Content objectives
      (2) The instructional materials
      (3) Learning methods and assessment
      (4) Advisory method
   1.2 Observing students’ behavior in classroom.
   1.3 Using students’ suggestion during classroom.

2. Strategies for Course Evaluation by Lecturer
   2.1 Lecturer observes the class and discusses the results as follow:
      (1) The lecturer is well prepared for class sessions.
      (2) The lecturer answers questions carefully and completely.
      (3) The lecturer uses examples to make the materials easy to understand.
      (4) The lecturer stimulated interest in the course.
      (5) The lecturer made the course material interesting.
      (6) The lecturer is knowledgeable about the topics presented in this course.
      (7) The lecturer treats students respectfully.
      (8) The lecturer is fair in dealing with students.
      (9) The lecturer makes students feel comfortable about asking
question.
(10) Course assignments are interesting and stimulating.
(11) The lecturer’s use of technology enhanced learning in the classroom.

2.2 The Dean or head of program construct assessment items to evaluate four dimensions of lecturer’s competencies: teaching skills, organization and presentation of materials, management of the learning environment, and teaching attitudes.

3. Teaching Revision
Lecturer revises teaching / learning process based on the results from the students’ survey question, observation, suggestion, and classroom research.

4. Feedback for Achievement Standards
The evaluation is conducted by the Administrator Committee in order to conduct assessment process and grading.

5. Methodology and Planning for Course Review and Improvement
5.1 Revise and develop course structure and learning process every year.
5.2 Seek advisory from expertise in order to enhance content and make it up-to-date with the changing environment.
